Among its priority objectives the EMUI_ EuroMed University has set out to train its own teaching staff and researchers, giving priority to young people and respecting the geographical, cultural and linguistic plurality of the Mediterranean. This forces us to introduce differentiating criteria when selecting the candidates.

Accordingly, the Council of the Presidency, on the proposal of the Academic and Research Council, makes public the call for reference.

Those who choose to occupy one of these places must send: a) An approved CV, europass.cedefop.europa.eu/documents/curriculum-vitae; and b) Programmatic Memory, justifying its possible link with the project and highlighting the 'added value' of the application.

Deadline: September 30th, 2019

Rome, March 1, 2019

Dr. Borja Fontalva
General Secretary
